Functional Classification System	Grasp / Release Analysis			
Position	Grasp		Release	
0 Does not use-Extremity not utilized in any capacity for completion of task.				
1 Poor passive assist-Uses as stabilizing weight only				
2 Passive assist-Can hold onto object placed in hand & may stabilize it for use by other hand	Y	N	Y	N
3 Poor active assist-Can actively grasp object & hold it weakly	Y	N	Y	N
4 Active assist-Can actively grasp object, stabilize it well, & may manipulate it against other hand	Y	N	Y	N
5 Spontaneous use, partial to complete-Performs bimanual activities easily; may use hand spontaneously or without reference to other hand	Y	N	Y	N
